PROFESSIONAL SUMMARY

Computer Science student at Lagos State University with practical experience in software development, web development, and IT support. Skilled in building web applications using Python, Django, HTML, CSS, JavaScript, Bootstrap, and SQLite. Experienced with Git and GitHub, database management, CRUD operations, REST APIs, and deploying Django applications. Currently expanding skills in React and full-stack development. Also experienced in graphic design using Adobe Photoshop and Illustrator.

TECHNICAL SKILLS

Programming: Python, JavaScript, HTML, CSS

Frameworks & Libraries: Django, Django REST Framework, Bootstrap 5, React (Learning)

Databases: SQLite, PostgreSQL

Tools: Git, GitHub, VS Code, Postman

Design: Figma, Adobe Photoshop, Adobe Illustrator

Other: REST APIs, CRUD Operations, Responsive Web Design, Database Management

EXPERIENCE

HIIT Plc — IT/SIWES Trainee | 2026

- Gained practical experience in web development, programming, database management, and general IT operations.
- Developed web interfaces using HTML, CSS, Bootstrap, and JavaScript.
- Worked with Python and Django to build dynamic web applications.
- Implemented Django models, templates, URL routing, authentication, and CRUD functionality.
- Worked with SQLite for database creation and management.
- Used Django REST Framework to develop and test RESTful API functionality.
- Used Git and GitHub for source-code management and version control.
- Gained experience deploying Django applications to cloud hosting platforms.
- Participated in graphic design tasks using Photoshop and Illustrator.

PROJECTS

DevBoard — Developer Productivity Dashboard — Django | SQLite/PostgreSQL | Bootstrap | JavaScript

- Developed a web-based developer productivity dashboard using Django.
- Implemented user authentication and dashboard functionality.
- Created database models and CRUD functionality.
- Built a responsive interface using Bootstrap and vanilla JavaScript.
- Configured the application for cloud deployment.

HIIT Learning Management System (HIIT-LMS) — Django | SQLite | HTML | CSS | Bootstrap | JavaScript

- Designed a learning management system for an IT training institution.
- Implemented functionality for managing students, courses, instructors, and learning activities.
- Used Django ORM and SQLite for database management.
- Built responsive pages with Bootstrap and vanilla JavaScript.
- Applied Django authentication and role-based functionality.

LASU Website Replica — HTML | CSS | JavaScript

- Created a responsive replica of the Lagos State University website.
- Practiced webpage structure, responsive layouts, navigation, and frontend styling.
- Live Project: alameen512.github.io/Lasu-Website-Replica/

EDUCATION

Lagos State University (LASU)

B.Sc. Computer Science | 300 Level | Expected Graduation: 2027

ADDITIONAL EXPERIENCE

Graphic Design — Freelance | 2023 – Present

- Designed flyers, logos, birthday cards, business cards, and other digital graphics.
- Worked with Adobe Photoshop and Illustrator.
- Developed practical understanding of visual composition, typography, branding, and digital design.

CORE STRENGTHS

Problem Solving • Web Development • Database Management • Backend Development • Team Collaboration • Continuous Learning • UI/UX Awareness • Adaptability

CAREER INTERESTS

Software Development • Full-Stack Development • Backend Development • Frontend Development • UI/UX Design
